

Insuring your health abroad

In partnership with APRIL International, we provide specific insurance solutions for travelling or staying outside your country of nationality.

Designed for either short or long stays, APRIL International's insurance policies offer protection against any problems that might arise before departure or during your time abroad: cancelling your trip, medical expenses following an illness or accident, needing to be repatriated, causing damage to a third party or losing your luggage. APRIL International provides insurance solutions to suit your profile and with the flexibility to meet your insurance needs:
